

## Pearson

**Step 1:** Go to <https://www.pearson.com/en-ca.html>

**Step 2:** At the top of your screen, you will find a search bar.

**Step 3:** In the search bar, you will need to enter in the ISBN of the textbook you are looking for. ISBN's can be found on your course outline provided by your instructor or by emailing Academics at [academicsbc@hansoncollege.com](mailto:academicsbc@hansoncollege.com)

In this example I have entered the ISBN for BUS1211- Contemporary Business Mathematics.

**Step 4:** Choose the format that you wish to purchase. I would recommend the e-Text.

### Choose a format

<b>eText</b> 1 option(s) from C\$49.99	<b>MyLab</b> 2 option(s) from C\$95.00	<b>Print</b> 2 option(s) from C\$124.99
--	--	---

**Step 5:** After selecting "eText", click "Instant access" to continue your purchase.

A screenshot of the Pearson eText product page. The title is "Pearson eText Contemporary Business Mathematics with Canadian Applications -- Instant Access". Below the title, the ISBN-13 is 9780136964018. It includes eText (12-month access). A description states: "Pearson eText is an affordable, easy-to-use digital textbook. Read it on your computer, or download the mobile app to study on the go." At the bottom, there is a button labeled "Instant access" and the price "C\$49.99". A large black arrow points from the left towards the "Instant access" button.

**Step 6:** Continue to “Checkout”. You will have to create an account to complete your purchase and access your e-book.

**Step 7:** Fill out your information and then click “Create account”.

**Step 8:** You will be re-directed to another page. Enter in your credit card information to complete the transaction.

**Step 9:** Once you complete your purchase, you can sign in and access your e-book by clicking on the “Sign In” button on the right of your screen.

If you ordered a hard copy, it will get mailed directly to the mailing address you provided when filling out your contact information.
